MAKEDONSKO DEVOJČE

Macedonia

Makedonsko devojče, kitka šarena,
Vo gradina nabrana, dar podarena.

Dali ima n'ovoj beli svet
Poubavo devojče od makedonče?
Nema, nema, ne će se rodi
Poubavo devojče od makedonče.

Nema dzvezdi polični od tvoite oči,
Da seno će na nebo, den će razdeni.

Koga kosi raspletiš kako koprina,
Lična si i polična od samovila.

Koga pesma zapee, slavej natpee,
Koga oro zaigra, srce razigra.

Macedonian girl, a colorful bouquet, gathered in a garden, given as a gift. Is there anything in this wide world more beautiful than a Macedonian girl? No, no, there never shall be born anyone more beautiful than a Macedonian girl. There are no stars more beautiful than your eyes—if a shadow should fall across the sky, [you make] the day brightly shine through. When you unbraid your hair it is like silk; you are as beautiful and even more beautiful than a fairy maiden. When she sings a song, she outsings the nightingale; when she begins to dance, my heart dances for joy.

INTRO & INTERLUDE

Two staves of musical notation for the Intro & Interlude. The first staff contains four measures with chords G, D7 or D, G, and D7. The second staff contains five measures with chords G, D7, G, A7, and D.

VOCAL in G - Men's chorus - Sing 1 or 2 octaves lower.

Two staves of musical notation for the Men's chorus. The first staff contains four measures with chords G, D7, G, and D7. The second staff contains four measures with chords G, D7, G, and D.

VOCAL in D - Women's chorus first time; mixed chorus on repeat.

Two staves of musical notation for the Women's chorus. The first staff contains four measures with chords D, A7, D, and A7. The second staff contains four measures with chords D, A7, D, and A.

PATTERN: Play 4x as written

This transcription omits the sophisticated choral parts often heard on this piece. If you want some of the sense of build-up provided by choral arrangements, without getting too "fancy", try this:

Men singing the top line of the Vocal in G hold their final note A (either as a steady drone or singing the words), while the women sing in the key of D. At the end of the first Vocal in D, some of the women join with the men in continuing to hold the note A, while the rest of the singers repeat the Vocal in D. Only a few strong voices are needed on the A-drone; be sure to leave enough voices on the melody and harmony too!
